Where is the most interesting place you can imagine watching it?

Design your own cinematic festival experience.

5Izero is working with local communities and students to design a festival of film, video and digital arts taking place in Medway and Kent. You are invited to join us at our pop-up consultation event:

Come and find out how to get involved and contribute to the 2014 festival programme.

Together we will explore ideas for content, locations, venues and more...
